

Health Records and Immunization Policy

16. To ensure the health and safety of all children in our care, J-Max & Friends requires that each child:

- Has an up-to-date physical examination on file, completed by a licensed healthcare provider.
- Is current on all age-appropriate immunizations, as recommended by the New Jersey Department of Health.
- Submits a completed Universal Child Health Record (UCHR) before enrollment and annually thereafter.

By signing this agreement, I acknowledge that my child must have a current physical and be up-to-date on all required vaccinations to attend J-Max & Friends Childcare. I agree to provide all necessary health records and update them as needed.
